When this condition is brought about the stocks of the Bingham companies interested will be selling for two or three times what they are today. In the meantime they will continue to climb.

At a depth of 125 feet in, the shaft it was decided for cut into what appeared to be the quartite wall of the value, it proved to be nothing more than it casing to the ore that had been followed down, and when it was broken the right ore appeared on the opposite side in such quantity that when a messenger came down from the mine several hours lat as its extent had not been determined. Assays made on the samples brought down showed the ore to carry silver, lead, gold and copper sufficient to give it a market value of more than \$50 per ton.

On account of the change in the proposed name of town from Nippeno to Nipton, an effort will be made to have the railroad change the name of the station to correspond with the postoffice, so as to prevent confusion. This will be a great accommodation to the people living in that section of the country.

TURKEYS ARE PLENTIFUL

DEALERS RECEIVE LARGE SHIP MENTS FROM COUNTRY.

Retail prices on California grapes advanced yesterday 15 cents a basket. The prices quoted are 60 cents a basket for white grapes and 75 cents for tokivs. The raise was due to the scarcity of the fruit which has been felt during the week. The last shipments arrived on Monday, and slince that time the commission house dealers have been unable to get their orders filled. An assignment is expected here today and the wholesale price will be advanced to \$2 a crate. The new crop of oranges will be in next week, and the dealers believe there will be a slight reduction under the prices now drofed. Lemons are coming in strong, but the prices remain firm.

Turkeys were more plentiful yesterday and there was a steady demand for them. The supply in stock yesterday looked as if Thanks-iving was at hand, but the dealers have made no preparations is put them in storage. It is reported that the supply of turkeys is large and the dealers have no anxiety as to their Trucks-giving day stock.
